Faculty of Architecture,
University of Sarajevo
Sarajevo (Bosnia and Herzegovina)

2012 - 2016 ◆ **Bachelor's degree**
Faculty of Architecture,
University of Sarajevo,
Sarajevo (Bosnia and Herzegovina)

WORK EXPERIENCE

2023 - present ◆ **IBT.PAN AEC, Sarajevo**
Architecture
At IBT.PAN AEC, I am responsible for the comprehensive development of various building projects, covering all project stages from LPH 1 to LPH 5 in accordance with HOAI standards. I collaborate effectively with interdisciplinary teams, including structural, mechanical, and electrical engineers, and coordinate with specialist consultants to deliver integrated and cohesive design solutions.
Core responsibilities:
- Development of design, permitting, and construction documentation for renovation and new construction projects
- Creation and management of BIM models
- Coordination with specialized engineers in HVAC, electrical, and other relevant disciplines
- Preparation of presentations and project reports

2018 - 2023 ◆ **Freelancer @upwork.com**
design, architecture, graphic illustration
As a freelancer, I have managed a variety of projects in the fields of architectural design, graphic illustration, corporate brand development, as well as 3D modeling & rendering.
Core responsibilities:
- Development of architectural designs and 3D models for various projects
- Graphic illustration of architectural concepts, facades, and interiors
- Consultation and training for students and entry-level professionals in architectural software and design processes.

2006 - 2018 ◆ **Erino d.o.o, Brčko (Bosnia & Herzegovina)**
Part-time work/Assistance in the family business
Seasonal work in various tasks within the HVAC and plumbing field, specifically:
- Water and wastewater systems
- Heating systems
- Air conditioning and ventilation systems
